

THE UNITE CLUB PROGRAM

CULTIVATING GLOBAL CHANGE AGENTS

U N  T E

UNITE THE WORLD WITH AFRICA FOUNDATION, INC.

OUR MISSION

Success requires both academic intelligence and social-emotional intelligence. Most students focus on academic achievements and mastering the test. Few are guided to prepare themselves for a successful life outside the classroom and beyond.

The Unite Club Program is designed to empower secondary-level and university-level students to know themselves, hone creative problem-solving abilities, and learn how to present the very best version of themselves to the world. Our mission is to help students achieve success as active and engaged global citizens and to become agents for positive change.

The Unite Club Program is currently operating in Tanzania and Northern Uganda. Unite is now seeking partner schools in Rwanda and Kenya.

Since the fall of 2020, Unite has worked with more than 1,300 students across eight schools in Tanzania and two in Uganda.

The elements of the Unite Club Program include:

THE UNITE CLUB CURRICULUM

Modules cover such soft skills and topics as personal branding and emotional intelligence, leadership, time management, networking, social media, communication and listening skills, feedback vs. criticism, coping with stress and anxiety, environmental stewardship, collaboration and teamwork, and more.

THE UNITE PASSION PROJECT

A series of online videos that exposes students to a wide array of career options, activities, and perspectives by sharing the stories from people from around the world who have found their passions.

OPPORTUNITIES TO ENGAGE

In activities such as debates, spelling bees, talent shows, public speaking events, art activities, tree-planting campaigns, community service outreach, and more.

Unite provides each partner school club (as needed and as possible) with a laptop, projector, smartphone, and modem along with notebooks, pens, and Unite T-shirts. Each club must assign a faculty leader as well as student club leaders who are responsible for communicating and coordinating with Unite leadership in Tanzania and the United States to work collaboratively to make the clubs as impactful and successful as possible.

Unite The World with Africa Foundation is a USA-based 501c3 whose mission is to empower extraordinary-yet-impooverished youth and women with quality education, leadership, and business development programs to foster independence, dignity, and long-term success.
