# Why Unite Scholars?

## OUR GOALS:

1. To break the vicious cycle of poverty, oppression & wasted human potential by empowering uniquely talented-yet-impoverished youth across Tanzania with access to *quality education through university*; and
2. Through our engaged team of international advisors and mentors *nurture & foster* creative & independent thinking and the development of personal and professional life skills necessary for success as active, engaged & productive global citizens and future leaders.

## THE CHALLENGE:

- Sub-Saharan Africa has the largest number (202 million) of children & adolescents on Earth who are in schoolbut *not learning*, with nearly 9 out of 10 between the ages of ~6 and 14 not meeting minimum proficiency levels.
- In Tanzania, of those who complete primary education, *only 10% each year continue on to secondary school* (equivalent of middle & high school in America).
